<sup>2</sup>Project Manager Information to be submitted by Roadway Authority and Railroad Company

**DESCRIPTION OF IMPROVEMENT(S) ORDERED: Township**

- Improvement of the west approach of 3000N to comply with 92 Illinois Administrative Code, Part 1535.204

**STATUS OF WORK:**

I completed, on October 23, 2004, my portion of this project, being the west side of the crossing designated as AAR/DOT 288 966N, milepost 68.45-M, better known to us as 3000 North Rd/TR33C. I also finished, under agreement with the village, their east side of that same crossing. I am attaching a copy of my letter dated September 19, 2005, to that effect. I also can attest to the fact that the village re-surfaced both approaches to the crossing designated as AAR/DOT 288 969J, milepost 69.22-M, better known to us as Fifth Avenue. I know nothing of the design factors associated with the latter. If you need any further information, please do not hesitate to contact me.
